

Major Battle Shaping

Fiery Cross at Yeager School Here

Somebody burned a fiery cross on the Yeager negro high school grounds last night, Hope city police reported today.
Negro residents of the school area telephoned an alarm into police headquarters at 11:45 p. m., and a radio patrol car went to the scene promptly.
The officers found a four foot wooden cross, wrapped in cloth and saturated in kerosene, burning between the negro high school and grade school buildings. The cross had been propped up against a wooden "No Parking" sign.
Officers continued their investigation today. They said, however, their only clue was the statement of some negro residents that a strange car drove hurriedly away from the school buildings about the time the cross burst into flames.

Chinese Reds Warn Formosa Will Be Taken

Lake Success, July 7 — (P) — Red China has served notice on the United Nations that it is determined to seize Formosa despite any military measures America may take.
Foreign Minister Chou En-lai outlined the Peiping regime's position in a cable yesterday to U. N. Secretary-General Trygve Lie. It accused the U. S. of an "act of open aggression" in assigning American naval units to protect the Chinese-Nationalist island bastion.

Shipping Is Blamed for Korea Trouble

By JACK BELL
Washington, July 7 — (AP) — Lack of available shipping was blamed by Senator Tydings (D-Md) today for the slowness with which American military equipment is being moved to Korea to combat Communist tank columns.
At the same time, other senators called for a speed-up in efforts to contain the Communists in Korea, lest Russian satellites gain the impression that America is militarily weak and start trouble in other parts of the world.

Hempstead Singing Convention Sunday at Sweet Home

The Hempstead County singing convention will be held Sunday, July 9, at Sweet Home Church, 6 miles east of Bleivins on the Bleivins-Prentiss highway.
Lunch will be served at noon. All residents of this section are invited.

Local Group Attend SWAHA Meeting

Dr. Emmett Thompson, Jack Lowe, Kenneth Ambrose and C. A. Armistead represented the city of Hope last evening at a meeting of SWAHA held at Murrensboro. This meeting was for the purpose of formulating plans for the dedication of the Narrows Dam on Labor Day, September 4th.

Bulletin

Washington, July 7 — (AP) — The government today ordered use of the draft law to bring military forces to needed strength for the Korean war.
The defense department announced that overall ceilings on branches of the armed services, which had restricted their expansion, had been lifted.
Military enlistments also will be used to step up size of the various services.

Strike Ends Against 4 of 5 Railroads

Chicago, July 7 — (P) — AFL Switchmen have called off their 12-day strike against four of five big mid-west and western railroads. They acted yesterday after President Truman called the strike unjustified and threatened drastic action.
The strike against the Chicago, Rock Island and Pacific continues.
The other lines — the Chicago Great Western, the Great Northern, the Denver and Rio Grande western, and the Western Pacific — went all efforts today to get rolling again.
The end of the strike on the four lines came eight hours after the President told a news conference he would take drastic action if necessary to halt the walkout of 4,000 members of the AFL Switchmen's union of North America.
He did not say what he would do if his demand were ignored. He did not, for example, say whether he would ask government seizure of the lines.
The Western Pacific said in San Francisco it would turn its passenger trains today. Officers of the Great Northern, at St. Paul, Minn., announced operations would resume today. The Denver and Rio Grande officials at Denver said their trains would be rolling "as rapidly as possible."
The Chicago Great Western did not have any immediate announcement of resumption plans.
The switchmen said they would continue their strike against the Rock Island "to learn whether freedom in a free country can still be resumed 'as fast as we can' without fear that big government will team up with obstinate employers."

Large Crowd Hears Gov. Sid McMath

Speaking before some 4,000 persons in the new arena of the Third District Livestock Show, Governor Sid McMath last night discussed several campaign issues but devoted much time to Arkansas roads.
Mr. McMath was introduced by Miss Lucille Ruggles, unopposed for county treasurer. She is a victim of infantile paralysis and spoke from a wheel chair. Master of Ceremonies was Mayor Lyle Brown.
The governor who makes his speeches fit environment, reviewed the tax assessment setup, defended his part in getting a strike of the Missouri Pacific lines and chided his opponent Ben Laney as a big game hunter with the governor as the game.
"I recall his goat hunt in Montana when he missed all his shots. The Indians rewarded by taking him into the tribe as a squaw. If his aim has not improved I have nothing to worry about."
He enumerated highway projects in Hempstead County which, he said in his speech here tonight, will have cost more than \$1,000,000 by the end of 1950.
"More than \$770,000 worth of road projects has been completed in the last 18 months or is under construction," the governor said.
"This does not include nearly \$200,000 spent for maintenance."
"Here's a report of interest to Hempstead County: four miles of blacktop nearing completion on Highway 4 from Nashville to Ozan, eight miles on Highway 4 between Hope and Washington, nearly complete: 11 miles of Highway 67, between Hope and Fulton, being widened and resurfaced with asphalt at a cost of \$400,000; blacktop strips on Highway 24 between McCaskill and Bleivins, and two bridges. We have programmed a resurfacing job on Highway 67 between the Red River and Paup's Scur at a cost of \$500,000."
Switching the subject to farming — since this is a progressive agricultural county — McMath said his administration "got the money for this and other district livestock show plants after your former governor failed to do it."
"The arena which we are dedicating tonight represents tangible evidence of the co-operation of my administration with progressive local leaders," he said. "The cost

GOP Demands Congress Stay in Session

Washington, July 7 — (AP) — Republican senatorial candidates enlisted the help of GOP leaders today in a drive to keep congress in session while Korean fighting continues.
Senator Wherry of Nebraska, the GOP floor leader, indicated he is abandoning plans to go along with Democratic chieftains on a proposed August 1 adjournment.
"Congress ought to be here and be prepared to act if any new crisis arises with regard to the Korean campaign," Wherry told a reporter. "With the Korean situation as it is now, it is unreasonable to think of recessing."
Senator Meyers of Pennsylvania, the acting Democratic leader, said that while he would like to see congress finish its work by August 1, it's obvious that no decisions can be made until there is some definite turn for the better in the Korean fighting.
Senator Brewster (R-Me) said GOP candidates agreed unanimously at a meeting yesterday that congress ought to stay on the job even though some of the lawmakers have been itching to begin campaigning.

Hope Auto Co. Starts 30th Year Today

Yesterday Hope Auto Company observed its 30th anniversary. The firm was founded on July 6th, 1920 and is in the same location.
Hope Auto Company under the management of Tom McMath, has grown steadily since its organization and is a part of the Memphis branch of Ford Motor Company.
Of 220 dealerships in the district Hope Auto Company ranks third in truck sales, fourth in parts sales and fifth in new car sales.
Mr. McMath, also vice-president of the firm, expressed his appreciation for the splendid business his establishment has enjoyed in the 29 years. Mr. McMath joined the firm as salesman in 1922 and has been manager since 1927.

Indicted for Selling Atom Secrets

Santa Fe, N. Me., July 7 — (P) — David Greenglass, 28, has been indicted for selling U. S. Atomic secrets to a go-between for Russian agents for \$500.
Greenglass, an army technician who helped assemble atomic bombs during the last months of World War II, was indicted by a federal grand jury here yesterday on charges of conspiracy.
The grand jury charged that Greenglass delivered the atomic secrets to Harry Gold at Albuquerque, N. M., June 3, 1945 — when America was at war — and received \$500 in currency from Gold.
Gold is the Philadelphia chemist who has admitted delivering to Russian agents the U. S. Atomic secrets stolen by Dr. Klaus Fuchs, British scientist.
Both Fuchs, now serving a prison sentence in England, and Greenglass, now being held in jail in New York, gained access to the atomic secrets while working at the Los Alamos, N. M., atomic center.
Fuchs was a scientist in the Los Alamos scientific laboratory; Greenglass, with an army engineering detachment at an A-bomb assembly plant.
The grand jury indictment charges that Greenglass entered into the conspiracy with Gold, Anatoli A. Yakovlev, and "divers other persons to the grand jury unknown" about January 1, 1945, and "continued thereafter for a considerable period."
Greenglass, who was arrested by FBI agents at this lower East Side New York home June 15, is specifically charged with delivering to Gold "information relating to the national defense," preparing and delivering a sketch of a high explosive lens mold, and preparing and delivering a statement about the Los Alamos atomic project.
AEC officials declined any comment regarding the "leak mold," remarking only that "the whole subject is classified."

Greenglass, who was arrested by FBI agents at this lower East Side New York home June 15, is specifically charged with delivering to Gold "information relating to the national defense," preparing and delivering a sketch of a high explosive lens mold, and preparing and delivering a statement about the Los Alamos atomic project.
AEC officials declined any comment regarding the "leak mold," remarking only that "the whole subject is classified."

Indicted for Selling Atom Secrets

Santa Fe, N. Me., July 7 — (P) — David Greenglass, 28, has been indicted for selling U. S. Atomic secrets to a go-between for Russian agents for \$500.
Greenglass, an army technician who helped assemble atomic bombs during the last months of World War II, was indicted by a federal grand jury here yesterday on charges of conspiracy.
The grand jury charged that Greenglass delivered the atomic secrets to Harry Gold at Albuquerque, N. M., June 3, 1945 — when America was at war — and received \$500 in currency from Gold.
Gold is the Philadelphia chemist who has admitted delivering to Russian agents the U. S. Atomic secrets stolen by Dr. Klaus Fuchs, British scientist.
Both Fuchs, now serving a prison sentence in England, and Greenglass, now being held in jail in New York, gained access to the atomic secrets while working at the Los Alamos, N. M., atomic center.
Fuchs was a scientist in the Los Alamos scientific laboratory; Greenglass, with an army engineering detachment at an A-bomb assembly plant.
The grand jury indictment charges that Greenglass entered into the conspiracy with Gold, Anatoli A. Yakovlev, and "divers other persons to the grand jury unknown" about January 1, 1945, and "continued thereafter for a considerable period."

Reds Step Up Maneuvers in Germany

Berlin, July 7 — (AP) — U. S. intelligence agents disclosed today that the Russians have stepped up normal summer maneuvers in East Germany.
These maneuvers, agents said, in East Germany eight Soviet divisions are going through special exercises. Some involve tank-supported river crossings.
Experts who with increased interest have noted every Russian move have said the increased Red troop activity could be a normal step — designed to let the Germans know who is boss and possibly to give western Allies a dose of jitter.
A senior American officer, who concurred in this view and said Allied military leaders aren't too concerned about the stepped-up Soviet maneuvers.
American intelligence agents have been told to watch the Russian moves closely, however, on the chance that the Soviets might be planning to stage something similar to the Korean action over here.
The informants said that if Soviet divisions are training between Berlin and the Elbe river. They reported another thing: Red divisions holding war games north of Berlin in the Mecklenburg area trying to illustrate the best way of encircling the fortified position.
In the course of the maneuvers the Russians have shifted divisions from Magdeburg to Dessau and north from there toward the Elbe river, facing the British zone.
Between now and the end of August, Allied experts believe the Russians will stage at least half a dozen maneuvers to sharpen the training of their own German armies, the best of which have been expanded into what amounts to an infantry force, will be used for odd jobs in these maneuvers.
The high American officer, minimizing the significance of the maneuvers, commented:
"The Soviet army in East Germany was 20 divisions in 1945. It is 20 divisions in 1950. It is no bigger than before and certainly a lot less effective than it was in the past. The total number of Red soldiers is pegged at about 300,000. The Korean outbreak did not affect it in the least."
"One thing has happened," he added. "Soviet soldiers with three years foreign experience have been recalled. This means replacement with rookies. Russian divisions in Germany have been getting young boys who have a lot to learn

Defenders

Continued From Page One

The North Korean force, meanwhile, both sides rushed men and supplies into the muddy, red clay area along the winding Kum river for what appeared to be an imminent battle involving upwards of 90,000 Korean Reds and a small American force.

The rugged river country just north of Taejon is likely to become the battleground.

The American commander in Korea estimated the northern invaders' strength. He said the Reds had thrown 25 divisions and 150 tanks into South Korea. He estimated the Communist fighting men at between 70,000 and 90,000. Some divisions, he said, were at Brille, strength.

So fast were the Communists pouring in it was a question whether the Americans would have time to check the powerful thrust. But this much was certain — the American troops far tested in battle were able. A handful of them — possibly no more than 500 — stopped cold for six hours the best division the Russian trained Koreans threw at them.

The grim news of the huge Red reinforcements came as an American and Australian division pounded the enemy. They reported 16 tanks knocked out.

U. S. B-29's hit a North Korean port, too. Pilots bombed what appeared to be four submarines in Chinnampo harbor. The northerners are not known to have any subs. But Russia, from whose huge arms-larder the North Koreans are drawing great stores, has an estimated 75 submarines in the Pacific.

The top American commander in Korea said no big fight had yet occurred between the Americans and North Koreans. So far, he said, "half a battalion" had tested action. It did a good job and pulled out after suffering about 10 percent casualties.

The commander was not identified in the dispatch from Korea. Maj. Gen. William F. Dean is commander of U. S. troops in Korea.

Although outnumbered eight to one and 40 tanks in equipment, he said they halted North Korea's best division, for a while. General MacArthur said the Americans retreated only after a well-executed frontal attack and a flanking envelopment.

American forces today frantically built up their forces by air and sea from Japan. Three Red divisions moved southward behind their armor toward what appeared to be the largest engagement yet in the young Korean war.

Each side has lost 22 planes in the air war, a Far East air force commander said. Heavier American blows appear imminent. MacArthur predicted the effect of U. S. bombing would soon be felt at the battle front as the Red supply line lengthens.

Laney Pounces on Ex-Governor Homer Adkins

Little Rock, July 7.—(AP)—Homer Adkins' name isn't on the ballot in this year's Democratic primary, but Ben Laney says he's out to beat him for governor.

Laney coupled his predecessor in the governor's office with his successor last night and declared that if Governor McMath is re-elected it "would be a fourth term for Homer Adkins."

Laney, seeking to return to the office from which he volunteered two years ago, said that if he (Adkins) is entitled to a fourth term, there's no doubt about my being entitled to a third term.

He declared that Adkins, until recently employment as division director in the McMath administration, "has been right in there in the present administration dictating policies just as before."

While Laney was at Conway verbally lambasting McMath, Adkins the air war, a Far East air force commander said. Heavier American blows appear imminent. MacArthur predicted the effect of U. S. bombing would soon be felt at the battle front as the Red supply line lengthens.

and Education. Com m's alonger A. B. Bonds. McMath was in hope deciding the Laney prowess in a hunter. Recounting what he saw were some Laney misses and declaring that his opponent was due for some more.

"My opponent says he is a game hunter and that I am the quarry," McMath said.

"I recall his goat hunt in Montana (when Laney was governor) when he missed all his shots. The Indians rewarded him by taking him into the tribe as a squaw. If his aim has not improved, I don't think I have cause for great concern."

McMath said Laney had "missed another shot" in criticism of the Arkansas tax commission. The commission performing as a separate unit functions which formerly were performed by the Arkansas public service commission and predecessor bodies dating back to 1947, McMath said.

In counter-balance to his opponent's remarks about Adkins and Bonds, McMath also criticized some Laney supporters. He didn't say who they were but he put 16 of them in the traditional "smoke-filled room" this one at Little Rock's Capitol hotel, where Laney has his headquarters.

"My opponent's campaign manager made the statement then that 'This group of men could elect any man.' Arkansas is past the stage where 16 men in a smoke-filled room can elect a governor."

FIRST OF HIS CLASS—Robert J. Smithdas, 25, at right, above, will be the first deaf and blind man known to complete a four-year course in an American college when he graduates with honors from St. John's College, Brooklyn, N. Y. He is seen with John Spalner, his "eyes and ears," who is using sign language to explain the operation of a Moon-type press. An expert swimmer and wrestler, Smithdas plans to devote his life to helping other doubly-handicapped persons. He became deaf and blind following an attack of spinal meningitis when he was seven.

U.S. May Be Near New War Moves

Washington, July 7.—(AP)—Korean war talks at the White House and the Pentagon led to speculation today that the government may be nearing a new announcement — possibly dealing with the troop situation.

President Truman talked over the Far Pacific fighting for an hour with his cabinet this morning. As soon as he got back to the Pentagon, Secretary of Defense Johnson immediately called a meeting of his top level civilian and military advisers.

And at about that time, the

White House announced that Mr. Truman has invited the ranking Democratic and Republican members of the congressional armed services committees to a conference.

Taken together, these moves prompted a widely held belief that either the White House or the Pentagon would have something new to say later in the day.

A top question in Washington ever since the Korean war started has been how deeply American manpower would be committed to back up what Mr. Truman has called the United Nations police action to drive the Red invaders north of Korea's 38th parallel.

Honey, sold in stores is usually a mixture of light and dark honeys brought to a uniform color.

WERE WOMEN BORN TO SUFFER?

"No," say lots of lucky girls. Maybe you, too, can look back on those "dreaded days" each month and revel in blessed relief from pain. For if you suffer from functional periods cramps, discomfort — as so many other women have — the careful help Cardul may bring.

Cardul works internally to help minimize painful contractions of the organ muscles. Thus it aids in overcoming a frequent cause of cramps. Maybe your suffering is needless, too. See what aid of this modern type can do for you. Ask for a bottle of Cardul.

SID hasn't GONE FAR — but has too FAR GONE FOR A SECOND FERM!

OUR BIRTHDAY

1921 - 1950

We Are Celebrating Our
29th ANNIVERSARY
As Your Ford Dealer

FORD

Division of FORD MOTOR COMPANY

1429 Riverside Boulevard

Memphis 2, Tennessee
July 3, 1950

Mr. T. F. McLarty,
Hope Auto Company
Hope, Arkansas

Dear Mr. McLarty:

Another year has passed and on July 6 your dealership will celebrate its twenty-ninth anniversary.

Congratulations to you and your associates on this occasion, and thanks for your splendid cooperation during the past years.

May you enjoy many more anniversaries with FORD and may the years ahead be filled with prosperity and happiness for everyone connected with our dealership.

Yours very truly,
FORD MOTOR COMPANY

of this plant was \$95,000. Of that amount, \$50,000 was appropriated by the 1949 General Assembly at my request. The balance was made up locally. State assistance for district livestock show such as you have here at Hope will prove to be of immense benefit to the state's ever expanding livestock industry. This arena is the finest in Arkansas.

Referring to a new armory for Company A, 153d Infantry, of the Arkansas National Guard, which is about 30 per cent complete, the governor said:

"The whole \$75,167 cost of this armory is being borne by the state under an appropriation made by the 1949 General Assembly. Its completion has been slightly delayed by a shortage of steel. A \$34,000 motor storage building for Company A was completed soon after I took office, but its cost was paid entirely by the federal government."

He said that money for the armory was appropriated during the preceding state administration, but charged that Laney diverted it to other purposes.

Clubs

Hinton.
The Hinton Home Demonstration Club met at the home of Mrs. Jim Gordon in June. The president and vice president were absent so Mrs. Edd Black conducted the meeting. The group repeated the club creed and the song of the month was sung.

The devotional was given by Mrs. Oscar Eller and the group repeated the Lord's Prayer. The roll call was answered, minutes of the last meeting were read and approved, and the old and new business was discussed. A report was given by the poultry leader. The group agreed to furnish eggs for Adult Visiting Day at the Experiment Station.

Mrs. Lorraine Blackwood, Home Demonstration Agent, gave some useful hints on step shelves and time saving devices. The coupon captain turned in 85 cents which was received from a surprise package from General Mills. Mrs. Eller bought the package. The recreation leader led the group in a very interesting quiz. The surprise box was won by Mrs. Stella Adams.

After the meeting adjourned refreshments were served by the hostess. The July meeting will be with Mrs. Black.

Melrose.
The Melrose Home Demonstration Club met at fair Park for their June meeting with 11 members and two visitors present.

The club creed was repeated and the devotional was given by the hostess, Mrs. H. E. Patterson, who also led the group in prayer. New and old business was discussed and the roll call was answered with "How I have improved my kitchen."

Leader reports were given on food. Mrs. Holman House, home management leader, took charge of the program and gave some very helpful ideas on kitchen arrangements and time saving devices to be adjusted to any kitchen.

The surprise package brought \$1.20 and was won by Mrs. Willie Beard.

The hostesses, Mrs. Patterson and Mrs. Jewel Still, served cookies and drinks to 25 present.

Twenty Nine.
The Twenty Nine Home Demonstration Club met in the home of Mrs. Edgar Lafayette for its June meeting. The roll call was answered with "How I have improved my kitchen." The minutes were read and the business discussed. The hostess gave the club interesting points on step shelves and other time saving devices in the kitchen.

The surprise package was won by Mrs. Vernis Sheppard. Refreshments were served to seven members.

The club will meet with Mrs. Sheppard in July.

Ozan - St. Paul.
Simplified kitchen arrangements for more efficient and easier home management was the discussion led by Mrs. Autrey Smead at the meeting of the Ozan-St. Paul Home Demonstration Club which met in the home of Mrs. James Lewis in June.

The women gathered before noon bringing with them a pot luck dish. The hostess served a bountiful platter of home grown fried chicken.

The business session was called to order at 2 p. m. The American Creed was read and a song was sung.

Mrs. Lewis gave the devotional followed by a prayer. The roll call was answered with "What I have canned." The leaders of home grounds, garden and orchard, and poultry gave monthly reports.

The recreation leader, Mrs. Floyd Matthews, conducted two contests which were won by Mrs. Ben Stuart and Mrs. Monroe Stuart.

Eight members and five visitors were present.

The next meeting will be at the home of Miss Alma Hanna.

A demonstration will be given on cleaning sewing machines and using the attachments.

Columbus.
The Columbus Home Demonstration Club held its June meeting in the Masonic Hall with Mrs. C. R. White as hostess. Ten members, Mrs. Lorraine Blackwood, Home Demonstration Agent, and one visitor, Miss Cora Mae Caldwell, were present.

The table was covered with a white cloth and centered with a cake baked by Mrs. J. P. Webb Sr.

Mrs. J. E. DeLaney, president, called the meeting to order. The group repeated the club creed. Mrs. R. C. Stuart gave the devotional and the group repeated the Lord's Prayer in unison. The roll call was answered with "How I have improved my kitchen."

Minutes of the last meeting were read by Mrs. Tom McCorkle. The old and new business was discussed.

Mrs. Blackwood gave a very interesting demonstration on home management. Mrs. White had charge of the recreational period. Prizes were won by Mrs. Fred Caldwell.

Hostess for the July meeting will be Mrs. J. C. Hipp and Mrs. McCorkle.

Arrangements for the playing of Arthur F. Guzman, prominent 28-year-old poultryman, said today they may have found an explanation of why his mother "obviously went berserk" yesterday morning. In addition to shooting her son, Mrs. Guzman is accused of beating her daughter-in-law, Dorothy, 28, on the head with the butt of the empty pistol.

Sugar maple trees live up to 500 years.

MURDER LIQUIDATED

Copyright 1939 by The Associated Press

IT all came back to that man a insatiable problem—the mystery of the daily grind. My father had had started with them, but I knew and it wouldn't end. I knew the answer. There was no answer. The bribery frame had been the first step of the murder frame. But it wasn't probable. It was too intricate.

"If Sylvia McGregor and Law Jerry were spending two full hours canvassing McGregor's friends for bail money," I told Shelton, "it's funny they turned up with only a couple of thousand. McGregor had plenty of well-heeled friends."

"He did have," Sylvia told me they get the same answer from all of them. They already laid out all the dough they could afford on behalf of McGregor, a ruined man."

"What dough were they talking about?"

"The five grand to pay you your bribe, of course."

I stood at Shelton. Then the door opened and two highway patrolmen barged into the Wee Spot.

"There they are!" shrieked the proprietor and his wife in unison. "They're bandits! They've been just sittin' there waitin' to rob us!"

I almost laughed at the realization that my suspicious conduct and my bruised temple had brought the law upon me. I did laugh when I saw the expression on the faces of the two patrolmen who recognized me at once. They recognized me as the man who had been caught making this secret visit to me.

"Cheer up, Shelle," I said. "I know who killed McGregor and why!"

THE McGregor living room was of the old-fashioned variety with lots of creaky chairs which by a sort of evolutionary process had adapted themselves to the ac-

commodation of human beings. The power of adaptation of at least one of the chairs was sorely taxed, for it groaned under the weight of State Criminologist Curtis T. Durbin, who had accompanied Keever on his exploratory trip to the premises.

Keever himself remained standing, for he was obviously in charge of the investigation of the murder of W. G. McGregor, though Sheriff Ed Nelson had the actual authority to take over if he cared. Nelson did not care, however, for his party affiliations were consistent with Keever's, and he recognized the shrewdness of the man who had once been the district attorney of his county. Besides, Keever had a politician's way of holding the center of the stage.

It is quite possible that I was stealing the scene from him at the moment, for all eyes were fixed upon me. I sat as nonchalantly as possible in the old and comfortable chair, flanked on either side by the two proud patrol officers who had grabbed me from the booth at the Wee Spot.

A few chairs away, hopeless and miserable, sat Shelton, who had only regarded my announcement that I could identify McGregor's killer as the drooling of a punch-drunk optimist. Observing me with a fine sense of righteous indignation was Paul Waring, first assistant attorney general. Also present was the other ranking staff member, Bill Atkins.

The two other occupants of the room were Sylvia McGregor and Law Jerry. I had expected the McGregor girl to go after me with her fingernails, but she seemed stunned, altogether incapable of anger. Law Jerry, however, regarded me with a scathing loathing. He stuck close to Sylvia, a hand upon her shoulder.

Keever eyed me with a baleful glare and snorted. "You've brought disgrace upon me, Ben! Not content with covering my office of public trust with

obscenity, you have committed an act of murder. When a politician gets loose with the words he has to dig up something high-sounding. But Keever probably had a right on this occasion to come up with the 10-buck words.

TAKE GOOD. One of Keever's younger assistants, was having trouble locating Ray Kennedy and Waring offered to have his own secretary come out. While he used the phone, Keever turned his censorious glare on me.

"The least you can do, Ben, is to make a full confession. You owe it to yourself as well as to me. I'd hate to see you go to the electric chair. I really would."

"In that case, Boss, I'm sure you'll be tickled silly to know that I won't. But I'm not going to evade the hot seat by doing anything so dopey as to sign whatever confession Waring's secretary types out. There's an easier way. I'm going to give you the murderer of W. G. McGregor."

Keever's glare was intensified. Shelton stirred uneasily.

"Before I can do that, though, I'll have to have a full cast of characters. You'll have to pick up Colonel Winton and Sammy Berend. Last but not least is a red-head named Wendy Hillier. I think that if you ask Sammy Berend effectively enough, you'll be able to find her."

Keever seemed on the verge of blowing a blood vessel.

"I'll do nothing of the kind! Do you think I'm going to waste time rounding up people who have no connection whatever with McGregor's murder?"

"No, but the people I mentioned do have."

"Why not try out his idea, Mr. Keever?" It was Shelton, and I was grateful. But Shelton was in disgrace for having met me without first notifying Keever. Then Sylvia McGregor said:

"If there is any phase of my father's murder that can be brought to light, I'd like to know about it, Mr. Keever."

Keever was unconvinced, but he could not ignore her plea. He nodded to Sheriff Nelson who also nodded and left the room.

Continued on Page Four

for granted. No one ever gives not even their wives. I was 18 years old when my father died. Four years later my mother married again. There were still a couple of young children to raise and an invalid sister to be taken care of. My stepfather took over another man's burden like the good sport he was. Never complained. It was just like Heaven to have a home again after being knocked around the world for four years.

He has been dead for five years now, but there is not a day that goes by that I do not think about him with love and gratitude. Thank God for stepfathers.

Answer: I am glad to print this tribute to a Forgotten Man who has never received his just need of praise, for if there is a heaven in the world, it is surely the good stepfather.

Step-fathers Job Difficult.
It is a difficult job to be a stepfather of either sex. But it has always seemed to me that the stepfather had a harder lot and one that called for more self-sacrifice and self-abnegation than the stepmother. For the woman who marries a widower with children at least improves his condition to the extent of getting a home and a husband to support her, whereas the stepfather simply sells him self into slavery to the woman he marries and the children. Also in any dispute between the in-laws and the children the stepmother is pretty sure to have the sympathy and support of her husband, while on the contrary, the mother is certain to side with the children against the stepfather and resent his every effort to control them.

About the most superlative proof of love that any human being is capable of giving is exemplified in a man's marrying a widow with children. For he knows that he is letting himself in for every one of the drawbacks of family life, with few, if any, of the ameliorations. He knows that he will always run a poor second to the children in his wife's affection, and while he might not resent that if they were his own children, it takes a superman not to be jealous of rivals who are a perpetual reminder of their father to his wife.

Dear Miss Dix: My husband and I have been disputing as to whether a husband should love his wife or his mother. What do you say?

Answer: Why should you doubt which you should love more? You should love your mother more than the love a man has for his wife and his mother. You should love your mother more than you love your wife. You should love your mother more than you love your children. You should love your mother more than you love your friends. You should love your mother more than you love your neighbors. You should love your mother more than you love your country. You should love your mother more than you love your world. You should love your mother more than you love your God. You should love your mother more than you love your soul. You should love your mother more than you love your life. You should love your mother more than you love your death. You should love your mother more than you love your eternity. You should love your mother more than you love your everything.

Dear Miss Dix: What are the advantages of marriage? I am contemplating the step, but find only discouragement from almost every one. Should a girl of 20 marry a man a few months younger? I don't want to be considered a cradle-snatcher. The young man in question is very considerate and thoughtful and has every indication of making a good husband.

The CONSTRUCTIVE CANDIDATE.
In vain we searched his record. The proof did not appear. That's why in M. Waits SLOGAN. CONSTRUCTIVE looks so queer!

Dear Miss Dix: My husband and I have been disputing as to whether a husband should love his wife or his mother. What do you say?

Answer: Why should you doubt which you should love more? You should love your mother more than the love a man has for his wife and his mother. You should love your mother more than you love your wife. You should love your mother more than you love your children. You should love your mother more than you love your friends. You should love your mother more than you love your neighbors. You should love your mother more than you love your country. You should love your mother more than you love your world. You should love your mother more than you love your God. You should love your mother more than you love your soul. You should love your mother more than you love your life. You should love your mother more than you love your death. You should love your mother more than you love your eternity. You should love your mother more than you love your everything.

Dear Miss Dix: What are the advantages of marriage? I am contemplating the step, but find only discouragement from almost every one. Should a girl of 20 marry a man a few months younger? I don't want to be considered a cradle-snatcher. The young man in question is very considerate and thoughtful and has every indication of making a good husband.

The CONSTRUCTIVE CANDIDATE.
In vain we searched his record. The proof did not appear. That's why in M. Waits SLOGAN. CONSTRUCTIVE looks so queer!

A Personal Message To The Voters of Hempstead County

Much to my disappointment, my active campaigning has been interrupted by the necessity of an immediate operation, which was performed about a week ago. I am happy to say that I have now been allowed to leave the hospital and am back at home. I am getting along fine and the only disappointment is that it will be about three weeks before I regain my strength.

I am sincerely grateful to my many friends who have volunteered to help carry on my campaign for re-election as your sheriff. I also appreciate the many courtesies which are being shown to my son, Buddy, who is making announcements for me and personal solicitation work.

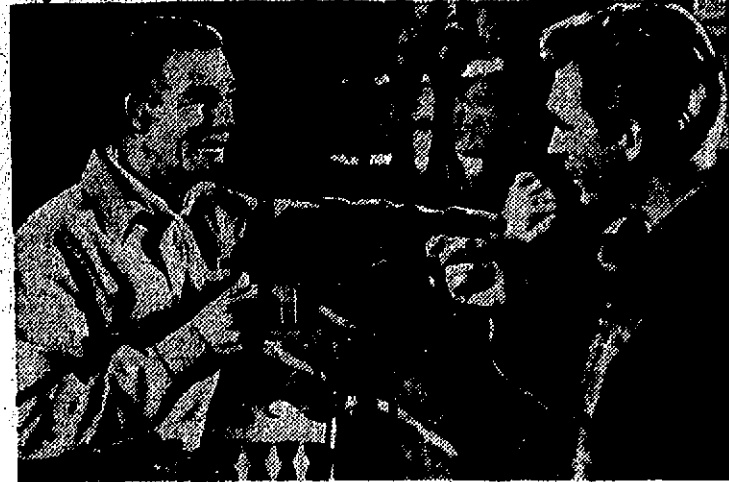

Because of my operation I will not get to see many of you personally to solicit your support between now and the first primary and this is the only way I have at this time of personally soliciting your support and expressing to the people through out the county my real appreciation for what you have done for me in the past and what I hope and trust you will do for me by

California Fires Claim Lives of Four Persons
San Luis Obispo, Calif., July 7.—(P) — Two fires that already have taken four lives and blackened more than 25,000 acres of valuable northern California forest land raged unchecked today.

Heavy rain extinguished another fire on Mt. San Georgonio in southern California's San Bernardino national forest. Started six days ago by lightning, the flames burned over an estimated 11,200 acres.

The dead fire fighters were three Fort Ord soldiers and a state forestry employee. All four were killed.

Bob Johnstone on Lion Show This Sunday

Bob Johnstone, versatile vocal star of radio and recordings, will be the special guest of Snooky Lanson on Lion Oil's "Sunday Down South" on Sunday, July 9, on the Lion network at 5:00 P. M. The program is carried locally by K X A R.

Bob Johnstone started his career at a radio station in Nashville, Tenn. He then went on to be the featured vocalist with some of the outstanding orchestras of the country...Paul Whiteman's and Larry Clinton's, among these.

As a recording artist, Johnstone has recorded for seven different recording companies. He is now waxing for Coral Records - a subsidiary of Decca Records. Bob does a lot of advertising work as a sideline in Nashville where he is now residing...has six radio shows a week there...and is also a freelance artist. He recently finished illustrating a book...the secret ambition of all artists.

Highlight of "Sunday Down South" will be Bob Johnstone's vocalizing two of the popular favorites of the day.

The complete program includes:
"When My Sugar Walks Down The Street"...Snooky Lanson and Lion Oil Chorus
"I Didn't Know What Time It Was"...Dottie Dillard
"I Get A Kick Out Of You"...Snooky Lanson
"That's Where I Came In"...Snooky Lanson
"You Gotta See Your Mama Every Night"...Dottie Dillard
"I Hadn't Anyone Till You"...Snooky Lanson and Lion Oil Chorus

burned to death yesterday when trapped by a backfire in the Las Pilitas area near Santa Margarita. The blaze is on state forest land, 12 to 15 miles northeast of San Luis bispo.

DOWN WITH "THE REAL SUCKERS"—Paul Abbott, 37-year-old veteran, who's submerged in a glass-top tank in Shefer Lake, Monticello, Ind., because he's sore about hidden taxes, sets his first meal "down under." Unable to keep his head above the tax waters, Abbott went down in a 10-by-10-foot steel and glass tank equipped with fluorescent lights, radio, telephone and spy chair. There, he says he'll live with the "real suckers—the swimming kind"—until Congress takes some action "to favor the taxpayers' side of the country."

Lawyer Denies Charge, Asks Speedy Trial

San Francisco, July 6 — (U) — George T. Davis, noted criminal lawyer and former northern California campaign manager for President Truman, today asked for a speedy trial and predicted acquittal of charges he was involved in a \$10,000 Chinese birth certificate racket.

He voiced a heated denial yesterday immediately after a federal indictment was filed in case of conviction are 40 years imprisonment and \$50,000 in fines. Davis, whose clients have included the late Tom Mooney, convicted in the 1916 preparedness pay parade bombing in San Francisco, said he had helped a seven Chinese apply for birth certificates but was guilty of no personal wrongdoing.

Top Radio Programs

New York, July 7 — (A) — For tonight:
NBC—7 Stars and Stripes, talk show; 7:30 We The People; 8:30 Franchot Tone in Sportsfren; CBS—4 Garry Moore show; 7:30 Up for Parole; 8 Songs For Sale; 9:30 Capitol Clock Room.

MBBS—7 Bandstand USA; 7:30 Guy Lombardo Music; 8:30 Meet the press, Ambassador Chang of Korea.

Saturday schedulings:
Baseball—MBS 1 p. m. Boston Red Sox at New York.
NBC—8:30 a. m. Coffee in Washington; 10 Mind Your Manners; 12 National Farm and Home; 5:30 Living 1950.
CBS—10:05 a. m. Lets Pretend; 1 p. m. Music With Girls; 3:30 Orchestra hour.
ABC—8 a. m. No School Today; 12:30 p. m. Roger Dann show; 4 Hour of music.

cluded the late Tom Mooney, convicted in the 1916 preparedness pay parade bombing in San Francisco, said he had helped a seven Chinese apply for birth certificates but was guilty of no personal wrongdoing.

Federal investigators said the indictments of Davis this week and of another prominent attorney last week followed a three-year investigation into how Chinese, shortly after World War II, got passports back to China after having entered this country illegally.
